## Kentucky STOCK FARM

(BLUE GRASS)

### FOR SALE OR LEASE.

I will sell, or lease for a term of years, MEL-ROSE STOCK FARM, the home of the late W. T. Dudley, situated within one mile of Frankfort, Ky., on the Lexington turnpike, and L. and N. Railroad, containing 245 acres, which may be divided into two tracts, one containing 165 acres, with the residence and improvements, and the other 180 acres with one tenement house.

The soil is rich, producing large yields of tobacco, wheat, corn, etc., and there are five never-failing springs of limestone water on the place.

The residence is of brick, with ten rooms, located on a commanding eminence and surrounded by forest trees. Improvements include two large stables, two large tobacco barns and other farm buildings all in perfect repair, and a fine orchard of best fruit, now in full bearing. An excellent half-mile track may be made on the place.

This farm has all the requisites for a first-class stock farm, offering special advantages for raising and training horses, the greater part of it being now well set in blue grass.

Will take \$20,000 for the whole place, one-quarter cash, balance in one, two and three years, with interest, or will lease for five years at \$2,000 per year.

For further particulars address FRANK CHINN, Attorney, Frankfort, Ky.

## It Is Not Yet Settled.

Some Dissatisfaction Exists Over the London Strike.

### THE DOCK COMPANIES PROTEST.

They claim that the strikers refuse to submit to the terms of agreement made by the London Dock Companies and the London Dock Company.

London, Sept. 19.—The directors of the dock companies have sent a protest to the London Dock Companies and the London Dock Company, protesting against the strike since the agreement for the settlement of the strike was arrived at, and stating that the London Dock Companies are refusing to submit to the terms of the agreement.

The directors ask the London Dock Companies to submit to the terms of the agreement, and the London Dock Companies to submit to the terms of the agreement.

Cardinal Manning and the London Dock Companies have been in communication with the dock companies since yesterday afternoon with a view to the settlement of the strike.

Paris, Sept. 19.—Upon invitation of the society of French Engineers and Architects, Spanish, Portuguese, Brazilian and Chinese engineers visited the Eiffel tower yesterday where an elaborate luncheon was partaken of and speeches made.

M. Kautzoff, responding for the Russians, received an ovation, cries of "Vive la Russie," and "Vive la France" mingling in the cheering. M. Kautzoff, in the course of his response, declared that Russian science owed its chief inspiration to France.

### In Meeting the Soldiers.

Paris, Sept. 19.—M. De Freycinet, minister of war, is making an inspection of the military cantonments of Savoy. He has met with an enthusiastic reception by the Sixth army corps. A banquet was given at St. Michael last evening in his honor.

### Spain's Demands.

Madrid, Sept. 19.—The captain, four sailors and one passenger of the Spanish vessel, which was captured by natives of the Rif coast of Morocco, have been carried into the interior of the country, it being the object of their captors to sell them into slavery.

London, Sept. 19.—Mr. Sexton is preparing a speech, which he will deliver before the Parnell commission when it resumes its session next month. It is expected that the speech will occupy four days in its delivery.

### Killed for Robbery.

Vienna, Sept. 19.—A fearful tragedy is reported at Szatmar, Hungary. A Jewish family of six persons were killed with hatchets, and terribly mutilated by unknown persons. The motive of the crime was robbery.

### Mexican Consul at Antwerp Dead.

Antwerp, Sept. 19.—The Mexican consul at Antwerp has committed suicide on account of financial difficulties.

### Play Poker or Die.

Jacksonville, Fla., Sept. 19.—A special from Jasper says that on Tuesday night three negro gamblers entered a saloon near there, where a gang of railroad construction men were sleeping, wrote the men up and demanded a game of poker. This being declined as against the company's orders, the negroes began to provoke a row. The men finally left the saloon and opened fire upon it with rifles and revolvers. Sidney Thomas, one of the railroad men, was killed and three other men seriously injured, one probably fatally. Bill Outes, one of the negroes, is under arrest. Tom Rush and Charles Peak occupied

### Death of Mrs. McClellan.

Philadelphia, Sept. 19.—Mrs. Elizabeth S. McClellan, widow of Dr. George B. McClellan and mother of Gen. George B. McClellan and Dr. John H. B. McClellan, the distinguished surgeon, died yesterday at the residence of her niece, Miss Rebecca Cox, at Drifton. She was 90 years of age.

### Starving Sailors Rescued.

New Orleans, Sept. 19.—The steamer Statesman, from Liverpool, brought here the captain and eleven men of the bark Nobrega, which was disabled in a hurricane Sept. 11. The crew had been six days without water and were in danger of starvation when taken off the wreck.

## THE LEO LOST.

Abundant Evidence that the Vessel Went Down in Lake Erie.

CLEVELAND, O., Sept. 19.—That the steam yacht Leo, which sailed from Lorain for this port Sunday, was lost in a storm is certain. The Leo had nine on board and all perished. Since yesterday afternoon the beach in the western part of the city has been patrolled by the life saving crew and citizens. Two bodies were washed up. They were the battered remains of Con P. Ritter and R. D. Lawler, the latter a well known young lawyer. The beach at the point where the bodies came ashore is but a narrow strip of sand backed by a high bluff and the heavy seas now rolling make it almost impossible for the searchers to venture down on the shore.

### A OTHER DAM L T S GO.

And Considerable Damage Is Done, But Nothing in the Nature of a Calamity.

Reading, Pa., Sept. 19.—The large dam at Springtown Forge, eight miles above Coatesville, burst during the night, owing to the continued heavy rain, and this morning the Brandywine creek had risen to an alarming height. Hundreds of fields were a dreary waste of water.

Many farmers and their families left their homes during the night and remained on the neighboring hills. The Wilmington and Northern railroad is not open between this city and Wilmington. Many miles of fences have been carried away, and on a number of farms everything not in buildings was carried away. The damage amounts to many thousands of dollars. At one time the Brandywine creek was eighteen feet above its usual height.

### The Window Glass-Wage Trouble.

Pittsburg, Sept. 19.—The window glass wage trouble has not been settled and some interesting developments are expected before many days. Several of the manufacturers and workers are commenting on the matter and there is a great deal of dissatisfaction which may lead to the dissolution of the manufacturers' association, which has been in existence for many years. Pittsburg manufacturers have an advantage over western glass men, who are compelled to use coal as fuel. Some of the Pittsburg manufacturers must pay \$30 per month per pot for gas, while other pay nothing, as they own their wells. The latter class, it is claimed, are the ones who urged a settlement.

### They Will Stick Together.

Chicago, Sept. 19.—The glue manufacturers of the United States, who have an organization for mutual protection, held their fifth annual meeting here yesterday. The business transacted was of a routine nature. The officers for the coming year will be: President, W. N. Scott, of Boston; vice presidents, M. Delaney, of Philadelphia, and L. C. Haghey, of Pittsburg; secretary, F. W. Tunnel, of Philadelphia; executive committee—George H. Webster, of Chicago; King Upen, of Peabody, Mass.; H. W. Powell, of New York; W. H. Brewin, of Peabody, Mass.; and John Stricker, of Marietta, O.

### Killed on a Railroad Crossing.

Chicago, Sept. 19.—Frank Hansen, of Avondale, Ill., and a companion, name unknown, were instantly killed about 9 o'clock last night, at the Belmont avenue crossing of the Northwestern road, in Gross park. They were driving west in a sulky and for some reason failed to see the southbound passenger train. Their horse was squarely on the track when the train struck them. The horse was instantly killed, the sulky smashed and the bodies of the men hurled at least a hundred feet from the crossing.

### Sentence Commuted.

DEER PARK, Md., Sept. 19.—President Harrison has commuted the sentence of A. D. Spearman, district of South Carolina, convicted of violating internal revenue laws, to nine months. He was sentenced in February, 1889, to twelve months' imprisonment. The sentence of Dr. Burk Fridy, eastern district of Tennessee, convicted of violating the pension laws, was commuted to one year. He was sentenced in April, 1889, to two years' imprisonment.

### Arrested for Burning a Church.

BALTIMORE, Md., Sept. 19.—The News' special from Anacostia, Va., says: John Burton was arrested to-day, charged with arson. The church at Bellhaven was burned Saturday. Burton had collected a considerable sum of money for improvements to the edifice, which he says was lost in the fire. It is supposed that Burton set the church on fire to trump up an excuse for not turning over the money to the trustees.

### Where in Wyoming Must Read.

Cheyenne, Wyo. T., Sept. 19.—A provision stipulating that every voter shall be able to read the document framed by the constitutional convention, now in session, was adopted by that body yesterday. The appropriation chapter was the subject of much argument. A suggestion that each county have one state senator only was voted down.

### Advance in Miners' Wages.

BROCKVILLE, Pa., Sept. 19.—The Northwestern company has granted the five cents advance by the miners, and 1,200 men will resume work between Dugan and Brockville to-morrow. This settles everything practically in this field, but Dubois and Reynoldsville, and they are to get an answer soon from the officials at Rochester.

## Building War Vessels.

Such Work Will Hereafter Be Done by the Government.

### IT IS SO DECIDED BY MR. TRACY.

The Bids of Private Parties Do Not Come Within the Limits of the Appropriations—Designs for the New Postals—Cards—Other Dispatches from Washington.

WASHINGTON, Sept. 19.—Secretary Tracy has made a decision that will have an important bearing on the future building of war vessels for the United States navy. He decided to have the two 3,000-ton steel cruisers provided for by the last congress, constructed at the New York and Norfolk navy yards.

When bids for these two vessels were opened at the navy department last month all the bids offered exceeded by large amounts the congressional appropriations. The navy department found itself in something of a dilemma. It could not accept the bids and it could not afford to wait until congress could take action. So Secretary Tracy invited suggestions from ship-building firms, asking them to give opinions as to possible change in the plans of the vessels to bring the cost of their construction within the appropriation and yet not impair the standard required.

Camp & Sons, of Philadelphia, found that they could construct the vessel, with some changes, at an amount of \$40,000 below their original bid. This reduced amount, however, was greater than the appropriation, and the secretary came to the forced conclusion that the vessels could not be built at private yards.

Speaking of the matter to a United Press reporter he said: "After a careful study of the law relating to these vessels, I find that after other means have failed, I am told in language almost in the nature of a command to build them at government yards, and this I have decided to do."

The hull of one of the vessels will be built at Norfolk, and that of the other at New York. The machinery of both vessels will be built at New York, while the boilers of each will be made at the place where each vessel is being constructed. Work will probably begin early in the spring. Of the other vessels to be built in the near future it is almost certain that one will go to the Mare Island navy yard.

### Designs for Postal Cards.

WASHINGTON, Sept. 19.—Postmaster General Wainmaker has invited proposals from artists, designers and others for improved designs of postal cards. The designs should be according to the artist's idea of fitness and blunders can submit one or more designs as he sees fit. Drawing in detail of designs must be submitted with bids, which are to be opened in the office of the third assistant postmaster general at noon on Wednesday, Nov. 6.

The designs may be made either with or without border, and if with border, the border may be either plain or ornate. The postal cards for which the designs are intended are of two sizes, viz: 2 1/2 by 3 1/2 inches by 4 1/2 inches, and 3 1/2 by 6 1/2 inches. Blank forms of preposals with specifications containing information can be had by applying to the office of the third assistant postmaster general.

### Brilliant Snow-paper Men.

WASHINGTON, Sept. 19.—A dispatch from Deer Park quoting a friend of the president as saying that Maj. William Warner may accept the position of commissioner of pensions gains no credit here. Maj. Warner told the president that his reason for declining was that he had many certain business engagements which he felt in honor bound to fill. He recommended the appointment of Maj. George S. Merrill, of Massachusetts, and he left Deer Park with the impression that the place would be tendered to Maj. Merrill. The president is naturally anxious that Maj. Warner's position should not be made public until the vacant place has been filled. Every effort was made to conceal the fact that the position had been offered Maj. Warner, a fact first published in the dispatches of the United Press.

### A Ministers' Meeting.

WILKESBARRE, Pa., Sept. 19.—Ministers from all parts of Pennsylvania, Ohio, Wisconsin, New York, Iowa and Minnesota are present here to attend the tenth convention of the Welsh Presbyterian churches of the United States. Yesterday afternoon the session was opened with public service. Sermons were preached by Rev. John A. Jones, of Oshkosh, Wis., and Rev. Richard Humphrey, of Long Creek, O. The session will be continued for several days.

### A Reception to Ben. Butlerworth.

WASHINGTON, Sept. 19.—In accordance with resolutions adopted by the Ohio Republican association, arrangements are being made to give Representative Butlerworth a reception in this city on his return from Europe the latter part of this week. It is proposed to obtain one of the large theaters to guard against the inclement weather and in order that ladies may be provided for.

### Wichita, Kan., Sept. 19.—The east bound passenger train was wrecked near Leon, Butler county, yesterday. Two coaches were demolished and ten passengers were injured. J. N. Dean, of this city, and Mrs. Mitchell, of Fort Smith, Ark., suffered most seriously. The latter is believed to be dying at Beaumont, at which place the injured passengers were removed.

## THE PARIS EXPOSITION.

It May Become a Permanent Institution. Some Curious Toys.

PARIS, Sept. 19.—The exposition is too good a thing to be confined to its original limits. Its success has surpassed all expectation, and the shopkeepers of Paris are loath to let it go. The proposal now is that it shall remain a permanent institution of the country and the world. Once a year it is proposed that there shall be a world's fair for a month or more. It is entirely possible that the Paris fair may become a recognized institution of Europe to which all the world will resort.

While the great world is occupied with games of politics and money making and intrigue, the child world of Europe is fairly wild over the display of toys at the exposition. The prettiest scene at that vast establishment is that in which one hears the perpetual ripple of childish laughter and observes the innumerable signs of childish delight at the wondrous ingenuity of the display. Everybody has seen the toy soldiers, but whoever before saw a toy army in which every soldier really march on his own legs, and in which real attacks and defenses are conducted amid the rattling discharge of real guns? Toy ships are common enough, but who ever before saw a toy fleet of ironclads and torpedo boats actually manœuvring as if engaged in a real battle?

It is something to see a Lilliputian creature stretch out her arms to the visitor with a smile as if to ask her to become the mother of an orphan doll. It is funny to see the punpee deliberately take a hand glass, carefully inspect her image and smooth her hair, smile complacently and then, as she lays the glass down, throw a kiss to the audience with her delicate fingers.

The toy boy grows up badly. One is an inveterate smoker of cigarettes. He puts the poisonous delight between his own lips, lights it, draws in a deep inspiration, as if thoroughly enjoying the aroma, and then slowly expels the smoke in graceful curls around his own exquisitely curled hair. Far less reprehensible is the baby which does all—or nearly all—that a sure-enough baby could be expected to do. This infant has a good, healthy appetite and tugs away at her milk bottle with results that are astonishing.

### BRIDE OF TWO WEEKS SUICIDES.

The Husband Says It Was Purely Unintentional.

INDIANAPOLIS, Ind., Sept. 19.—Yesterday afternoon Emmett R. Wilson ran into a doctor's office near his residence and called for assistance, saying that his wife had shot herself. When the physician accompanied him to his room he found the woman dead, a bullet from a pistol lying near her having passed through her heart.

Wilson said that he was cleaning his revolver and thought he had taken all the cartridges out. His wife asked to see the pistol and he handed it to her, at the same time throwing the cartridges into her lap. She placed the muzzle of the revolver to her heart and pulled the trigger with her thumb, and he was terrified to hear the pistol explode and see her fall to the floor. When an examination was made it was found that her clothing was powder burned, showing that she pistol had been held against her.

The couple were married just two weeks ago, and the husband says that she had no reason to commit suicide. He believes that the shooting was purely accidental, and his wife both supposing that all the cartridges had been taken out. The coroner began an investigation immediately, but nothing was elicited to show that the death occurred contrary to the statement of the husband. The police have taken no steps in the matter, and are uncertain what to do.

### ODD FELLOWS PARADE.

Twenty Thousand Men in Line and a Very Impressive Affair.

COLUMBUS, O., Sept. 19.—The grand parade of the I. O. O. F. and Patriarchs Militant yesterday afternoon, was two and a half hours in passing, and the number of men in line exceeded 20,000, being divided into three divisions with a large military array, among whom were the Montgomery, Ala., Grays, Loyd Legion, 200, of Louisville, and Toledo Cadets. It was the grandest demonstration in numbers and eclat this order ever had in America.

Last night the conferring of the "Decoration of Chivalry" took place at the city hall, followed by a grand ball in honor of the Sovereign Grand lodge.

The daughters of Rebekah perfected a National permanent organization. The following officers were chosen: President, Mrs. M. E. Rea, of Missouri; vice president, Louisa B. Hull, of Indiana; secretary, Julia A. Burroughs, of Massachusetts; treasurer, Mrs. C. A. Reed, of Kentucky; warden, Mrs. M. L. Fifer, of Montana; conductor, Nellie Page, of Ohio; guardians, Miss Ernie Anton, of Washington City, and Mrs. Elizabeth Mery, of Michigan.

### Arrested While Praying.

LITTLE ROCK, Ark., Sept. 19.—Rev. S. H. Crouch, a Methodist minister of this city, who recently forged drafts amounting to several hundred dollars, was arrested while making a prayer at a camp meeting about ten miles east of here, last night. He was brought to this city and placed in jail.

### Site for the World's Fair.

NEW YORK, Sept. 19.—The world's fair site committee are understood to favor the selection of the 425 acres, including the northern part of Central park, from Ninety-sixth to One Hundred and Tenth streets, the vacant land north of the park between Fifth and Eighth avenues, all of Morningside park, part of the Bloomingdale lands and all or part of Riverside park.

## BRUNNER'S DEATH.

Relatives Not Satisfied It Was Accidental—Will the Mystery be Solved?

Some days ago the body of Henry Brunner, one of the prominent citizens of Georgetown, O., was found at the "fishing shore" a few miles below Ripley, mention of which was made at the time. The inquest developed the fact that his skull was fractured in two places. He had taken passage on the Bonanza at Maysville a few evenings before, and the supposition was that he fell overboard and was struck by the wheel and killed. On examining the papers found on his person, two five-dollar bills and one ten-dollar bill was found in a letter in his pocket, making \$21.10 in money altogether. His watch stopped running at 27 minutes before 9 o'clock.

His relatives are not altogether satisfied that he met his death accidentally, and have engaged parties to give the matter a thorough investigation. A gentleman was in Maysville yesterday working on the case. It has been learned that Brunner boarded the Bonanza here and took passage for Ripley. Before the boat arrived at Ripley, however, he concluded to go through to Augusta, and had his ticket changed and paid the additional fare. The clerk of the steamer remembers this distinctly, and he is corroborated by Captain Moore, who was in the office at the time. The boat's register for that evening shows that Mr. Brunner was the only passenger for Augusta. Did he get off at Augusta? The porter of the Bonanza—a colored man—says he did. He is confident a man answering Brunner's description left the boat at the Augusta wharf. The body was found in the river five or six miles above Augusta. The question is, how did it get there, if he went through to Augusta?

Captain Moore is satisfied the fractures of the skull were not produced by the boat's wheel. The skin was bruised very little, and Captain Moore thinks the head would have been crushed if the wheel had struck it, and further that if Brunner met his death accidentally he must have fallen from the upper to the lower deck, striking on his head, and then into the river. If this happened it is singular no one saw it.

Relatives are determined to sift the matter to the bottom, but it is likely the mystery as to the manner of his death will never be solved.

## The Railway World.

General Manager Harahan's pet idea is to make the C & O. road-bed the finest in America.

The Pennsylvania Company has completed the fine railroad bridge over the Ohio river at Stenbenville. The bridge consists of seven open spans, each 232 feet long, and one channel span 312 feet long, making the bridge 1,936 feet in length from abutment to abutment.

The new owners of the Chattahoochee Road have changed the name to the Ohio and Big Sandy. The following directors have been elected to serve during the ensuing year: B. W. Foster, Ely Ensign and W. E. Parsons, of Huntington, W. Va.; J. D. Yarrington and J. P. Nelson, of Lexington, Ky., and Edward H. Pardee and J. Stuart Mackie, of New York. B. W. Foster is President; J. S. Mackie is Vice President; E. St. John, of New York, Secretary, and Colonel Jay H. Northup, Superintendent.

The County Court at Versailles has issued to the Louisville Southern bonds of the county for \$60,000. Of this amount, \$15,000 was balance of subscription to the Versailles and Midway Railway, and \$45,000 subscribed in aid of the road to Lexington. In all, \$95,000 have been issued, of which \$5,000 was paid last year and \$5,000 is provided for out of the levy of the present year. The railroad debt of Woodford County is now \$85,000, of which \$40,000 is payable in sums of \$5,000 annually at 6 per cent., and \$45,000 in thirty years at 5 per cent., with the privilege of paying them off any time after seven years.

# THE ONE PRICE SYSTEM

Ever since the beginning of MINER'S SHOE STORE. Over fifty years ago, the One Price principle has been strictly adhered to. It is one of the bright features of our business. That it is the fairest, squarest and most satisfactory in all respects, every buyer will admit.

Another thing in this connection: Where one price is the rule, of necessity it means the very lowest cash price; the two are inseparably connected. Think this over and see if the statement is not correct. As a measure of good faith, we mark everything in plain figures, that "He who runs may read."

The ladies are reminded that our stock of fall and winter millinery now on display is complete and the most elegant ever brought to this city.

MISSIES NILAND.  
THE I. O. O. F. of the United States expended over \$2,500,000 the past year for the relief of members. This is a magnificent sum and shows what a grand work the order is doing.

Mr. W. B. Phister, of Kansas City, will be here this evening on his way East for his wife and daughter. He will remain here until Saturday evening at the home of his parents, Mr. and Mrs. Charles Phister.

CAPTAIN GEORGE H. TAYLOR died a few days ago at his residence, Belle Grove Springs, Fleming County, of pneumonia. He served in the Sixteenth Kentucky Volunteers during the late war, and was a member of Joseph Heiser Post, of this city. He was in the revenue service under President Arthur, and had an appointment in the same service under the present administration. The deceased was well known in this city.

The leading fire insurance companies doing business in Kentucky seem to be playing in bad luck. The New York Spectator has compiled their premium receipts and their losses, in this State, for the first half of the current year, and the total is as follows:

Premiums	\$9,817,979
Losses	\$25,578

In other words, their losses are over 90 per cent. of their receipts. Since the figures above were compiled the big conflagration at Louisville occurred.

In its conference notes the Paris Kentuckian-Citizen has the following in reference to the new pastor of the M. E. Church, South, this city: "We were all surprised when the name of Boland was read out for Paris. We had been sitting with Rev. and Mrs. Julius Wright and they confidently expected to come to Paris. It seems it was so intended up to noon, when the Bishop felt it best to send to Bourbon some one not mixed up in the college removal, though Bro. Wright was not as much so as some supposed. Mr. and Mrs. Wright are two such bright, genial young people that they made warm friends of all who met them. We specially congratulate Maysville social and religious circles in obtaining them."

The Kootenai Courier, published at Rathdrum, Idaho, says: "The changes of twenty-four years have passed over the life of one of Kentucky's sons since he has visited the land of his birth, the old homestead and the loved scenes of childhood. M. D. Wright is this scion of a race who was born and bred in one of the fairest regions of the 'dear and bloody ground,' and who has lived in exile during these many years, but in whose heart has been a constant yearning to revisit the 'dark old southern home.' We doubt not that 'Dick' will notice more change in his home than he can imagine, for the hand of time has dealt gently with him, leaving him sprightly and jovial, though it is scarcely within the bounds of probability that the friends of his youth will recognize in the robust and mature man of affairs the stripling who twenty-four years ago went out to do battle with the world and wrest from its reluctant grasp the debt it owes every man. So anxious was 'Dick' to refresh his memory and be a boy again, if only in imagination, that he excused himself from taking with him his wife or any of the flock of rosy-cheeked babes who make up his happy family circle. Maysville, Mason County, is where I am bound for," said Mr. Wright while waiting for the train, "and I am going to have a good time. Will visit all the places I used to love and may be gone a month. My mother is nearly eighty years of age and I am anxious to see her once more before she is called away. I'm going to hunt 'possum with the same kind of 'yaller' dog we always had, and if the natives do not surprise me I will them."

## The Ladies Delighted.

The pleasant effect, and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions, make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

Escorial passementerie is new, and is an open cord trimming, in Vandyke points. It comes in many colors, but always with a black foundation.

## The Cronin Jurors.

Four of Them Secured That Will Be Retained.

### KEPT UNDER SURVEILLANCE.

Four More Found Who Will Probably Be Added to This Number—Efforts Made to Secure Woodruff's Liberty—Important Witnesses Secured by the State's Attorney.

CHICAGO, Sept. 19.—Four jurors have finally been secured to pass judgment on the five men now on trial for the murder of Dr. Cronin. They took the formal oath at 3:45 o'clock yesterday afternoon, a half hour later were escorted from the jury box into Judge McConnell's private room, where they will be kept under the surveillance of a bailiff until their colleagues shall have been found. The names of the jurors are John Culver, Charles Hicks, James Pearson and Frank Hall. All four are Americans.

Four more men were held for the night. Rapid progress was made in the examination of venire men during the four hours and a half the court was in session in the afternoon. The sixteenth and a portion of the seventeenth venires were exhausted. The state used up four peremptories. The defense was credited with three. The state has now used forty and the defense sixty.

Mr. Brown, attorney for Woodruff, appeared before Judge Horton at 10 o'clock yesterday morning with a motion for the discharge of Woodruff from the indictment for the murder of Dr. Cronin, because he has not been brought to trial within the terms prescribed by law. Judge Longenecker was present in the interest of the state. Judge Horton decided that as the case had practically gone from him on a change of venue, it would be an error for him to have anything to do with it.

The motion will now be made before Judge McConnell. As Judge McConnell is sitting with Judges Tuthill and Prendergast on the drainage commission there was no morning session of the Cronin trial.

The Globe says: "The state attorneys have achieved a great victory in the Cronin case and the result of their labors will place on the witness stand Le Caron, Beach, T. J. Kirby and Patrick Cooney. Cooney is already in charge of the police in Chicago, and all denials of this statement are worthless. Kirby is held at Niagara. Le Caron is also in Canada, but will accompany Kirby to Chicago, and the trio will tell the whole story of the conspiracy and murder."

The latest thing in the way of startling stories in the Cronin case is the one told by Michael Whelan, formerly Coughlin's partner on the police force. He says that not ten minutes after he received his notice of dismissal, a prominent Irishman offered to show him letters from across the water effectually proving the innocence of the men on trial, and telling just who killed Dr. Cronin. Who the murderer is Whelan claims not to know. He will not tell the name of the man who gave this information.

#### Kirby Not in Niagara.

NIAGARA, Ont., Sept. 19.—A dispatch from Chicago states that Joe Kirby, an alleged agent of the English government, was held here, and that it was intended to use him as a witness for the prosecution in the Cronin murder trial at Chicago, in connection with Le Caron, alias Beach, who, the dispatch also states, is in Canada. The report stated that these two men were material witnesses, and they may be, but Kirby is not held here. He is not here and has not been seen in Niagara since last summer, and those who were intimate with him then know nothing of his present whereabouts.

#### AT CHATTANOOGA TENNESSEE.

Meeting of the Society of the Army of the Cumberland.

CHATTANOOGA, Tenn., Sept. 19.—Every train arriving on the various railroads yesterday morning was crowded with soldiers and visitors. There are 10,000 strangers in the city, 4,000 of them being soldiers.

The society of the Army of the Cumberland met at 10 o'clock in the morning, Gen. Rosecrans presiding. Reports of the various committees were received. The funds on hand were found sufficient for another year, and Gen. Fullerton moved that the money collected at this meeting of the society be used towards the erection of a monument to the memory of Gen. Thomas. Carried. Gen. Cist reported progress on the Chickamauga National park. Nothing further transpired up to 1 p. m.

Various brigades held reunions in the afternoon and evening. Last night there were fireworks, a parade of the Army of the Cumberland and local military companies. The streets were packed with people.

An old soldier by the name of G. D. Grier, of Princeton, Ill., was killed on the Lookout Mountain Incline railroad.

#### Death of a Noted Man.

BOSTON, Sept. 19.—J. W. Payson, of Hyde Park, the world renowned penman, chief author of the Payson, Dunton and Scribner copybooks, and the man who first gave to the students of America a scientific analysis of script writing, died yesterday afternoon, aged 74. He received many medals in his lifetime for superior work with the pen.

#### Leprosy at Jeffersonville, Indiana.

JEFFERSONVILLE, Ind., Sept. 19.—A genuine case of leprosy has been discovered here in the person of Louis Drain. The disease made its appearance two weeks ago, and now the victim's face, neck and breast are affected, and one eye is nearly gone.

#### Carriage Factory Burned.

CLINTON, Iowa, Sept. 19.—Fire early this morning destroyed McDowell & Company's carriage factory, causing a loss of \$40,000, with small insurance.

#### TEN THOUSAND PEOPLE DROWNED.

Such is the Estimate Placed on the Recent Chinese Disaster.

SAN FRANCISCO, Sept. 19.—Japanese papers received by the steamship Gaelic place the total number of persons drowned in the floods of Aug. 20, in the city of Wakayama and in the districts of Minami-Muro, Higashi-Muro, Nishi-Muro and Hidaka, at 10,000, and the number of persons receiving relief at 20,424. The river Kinokuni rose from thirteen to eighteen feet above its normal level, and the embankments at the village of Iwashii were washed away. Immediately the village and about forty-eight other hamlets were covered by the raging waters.

On the morning of Aug. 19 an enormous mass of earth fell from the mountain near the village of Tennakawa, stopped the course of the river of the same name, which submerged the village and drowned nearly all the inhabitants. A number of the villagers belonging to Tsujido took refuge in their temple, which was on high ground, but when the landslide occurred about fifty persons were buried alive.

Advices from Chemulpo, Korea, dated Aug. 10 say that the United States steamship Marion arrived to relieve the Palos, which sailed for Nagasaki, Japan, to undergo some repairs. After a three-months' cruise in Japanese waters the Palos would return to Chemulpo for the winter.

#### CIGARMAKERS' CONVENTION.

Several Amendments to the Constitution Presented and Acted On.

NEW YORK, Sept. 19.—Various amendments to the constitution was discussed at the cigarmakers' convention yesterday. A number of resolutions were presented and referred, among them one requesting the repeal of the internal revenue tax on cigars. Last night the delegates were tendered a banquet and reception.

In the afternoon session several amendments to the constitution were discussed. An amendment equalizing representation at conventions, and giving the smaller unions more privileges was adopted. An amendment was also passed providing for the readmission to the union of a man after he has left it to become a manufacturer.

#### A Schooner on the Rocks.

EASTPORT, Me., Sept. 19.—The three masted schooner Keystone, Boston for Calais, in ballast, while anchored off Campobell, in the fog dragged anchors, and is pounding on the rocks in a heavy southeast wind. She will probably go to pieces. A tug that went from here was unable to get her off.

#### A Strike Ended.

ALBUQUERQUE, N. M., Sept. 19.—The strike of freight hands, which has tied up trains on the Atlantic and Pacific road for seven days, will close today with the reinstatement of the discharged conductors. The former employees will also resume work in the company's machine shops here.

#### Killed by an Express Train.

ALTOONA, Pa., Sept. 19.—Francis Coleman was struck by the eastern express on the Pennsylvania railway and instantly killed here yesterday, his body being horribly mangled. He got off a freight train standing on the siding to avoid arrest and stepped in front of the express. He was a painter from Baltimore on his way to Johnstown looking for work. He leaves a wife and five children in Baltimore.

#### A Vessel Given Up or Lost.

PHILADELPHIA, Sept. 19.—The non-arrival of the three-masted schooner B. Frank Sealley at this port is the cause of much alarm, and it is believed that she has been lost with her crew of seven men. The vessel, in command of Capt. Oliver, left Lancaster Sept. 3 for this port, heavily laden with paving stones, and was seen off Sandy Hook three days later, just previous to the cyclone. Since then she has not been heard from. Being loaded with such a cargo there would be small chance for her in such a storm, and B. Frank Sealley, of Dover, N. H., her owner, has almost given up hope.

#### Killed by Falling Stone.

BIRMINGHAM, Ala., Sept. 19.—Two men were killed and five others severely injured by falling stone in one of the mines of the Eureka company, near Oxmore, Monday night. The seven men were at work in slope No. 1 when the mass of stone fell, burying them entire. Their associates, after several hours' work, rescued five of the men, but the others were dead long before their bodies were reached. The killed are: John Reid and George Davis.

#### Forest Fires in Oregon.

PORTLAND, Ore., Sept. 19.—Terrible forest fires have been raging just west of here, and are rapidly approaching the city. The authorities have taken precautions to prevent disaster. The fires have caused great loss to farmers in the county, and several villages have had narrow escapes.

BALTIMORE, Sept. 19.—The News will publish a story that the Cincinnati base ball club will return to the League, and Cincinnati will have a fifty cent admission as formerly. One reason for this is that the law against Sunday base ball is enforced in Cincinnati, and so a club in the Association cannot have an additional revenue from this source. Another reason is the poor showing of the club. The League will buy out the Indianapolis franchise and Stern will get it, though he is obliged to use some of the Indianapolis timber. This story is believed to be true.

#### Died on Her Wedding Tour.

TOLEDO, O., Sept. 19.—J. H. Cuthbert, wife of the third auditor of the Standard Oil company, died of heart disease at the Boddy house here this morning. Mr. and Mrs. Cuthbert were on their wedding tour, having been recently married in Oil City, Pa.

#### Willing to Give Half a Million.

NEW YORK, Sept. 19.—The Hon. J. H. Staring, in a long letter to the mayor, guarantees that the local steamboat interests will subscribe \$500,000 if the world's fair is held within New York city limits.
